

Please Take 10 minutes for a Better Energy Future

For the past 16 months, a number of community advocates have been a part of the Public Advisory Group for El Paso Electric's 20 year Integrated Resource Plan (IRP).

Despite our best efforts, El Paso Electric has submitted a deficient Plan and we need your help to convince the Public Regulation Commission that it should not be accepted without changes.

Public Advisory Committee members Philip Simpson, Allen Downs, Merrie Lee Soules, Don Kurtz and Rocky Bacchus submitted, appended to the IRP, *Comments Identifying Deficiencies of EPE's 2018-2037 Integrated Resource Plan*.

Here's how you can help:

1. Address an email to melanie.sandoval@state.nm.us at the PRC records division and to the five Public Regulation Commissioners (using the link at the bottom of this page).
2. Put in the subject line: Public Comment on Case 18-00293-UT
3. Write in the main body of the email that:
 - a. you support the conclusions reached in *Comments* submitted on September 17 by Phillip Simpson, Allen Downs, Merrie Lee Soules, Don Kurtz and Rocky Bacchus
 - b. El Paso Electric's proposed Integrated Resource Plan should be returned with instructions to correct its deficiencies

El Paso Electric's complete 2018-2037 IRP is available [here](#)

Our *Comments* are brief, and if you would like to pick out something from them to emphasize, they are available [here](#).

To send an email to the PRC commissioners and to the PRC records division click on this link:

<mailto:cynthia.hall@state.nm.us,patrick.lyons@state.nm.us,valerie.espinoza@state.nm.us,lynda.lovejoy@state.nm.us,sandy.jones@state.nm.us,melanie.sandoval@state.nm.us>

Please email your comments to the PRC by October 5!
